DEFENDER IS NOT INJURED

STATEMENTS BY CAPTAIN HAFF HAVE BEEN CONFIRMED.

Not a Scratch Was Visible on Her Hull When an Examination Was Made of Her in the Dry Dock at Eric Basin-Vigilant to Undergo an Overhauling.

New York, Aug. 16.-An examination statements of Captain Haff that the visible. The Defender had her sid scraped and sandpapered during the afternoon and the work of painting her upper body was begun. Her underbody was cleared and riggers were put to work tuning up where necessary. The Vigilant is undergoing a similar over-

It was stated about the dock that Measurer Hyslop had remarked that the Vigilant was larger than when last measured. Asked to verify this, Mr. Hyslop would neither affirm nor deny the fact, but disclaimed having made the statement. The measurement of the Defender is said to have been a surprise to a few who were let into the sccret, being smaller than was supposed. It is stated that the racing figures of the yachts are almost identical.

There is a slight difference, it is said, which will give Vigilant a small time allowance. Achie Glennie, Lord Dunraven's representative, who arrived on the Majestic Wednesday, viewed the Defender after she was drydocked. He

She is smaller than the Valkyriesmaller than I had any idea she was. Her stick is not so lofty."

Regarding the design, Mr. Glennie said: "I am told she stands up well. If with that small body she does that, then her design must be good."

Of the relative merits and prospects of the Defender and Valkyrie Mr. Glennie said he would prefer to say noth-

No word has been received from Lord Dunraven's Valkyrie since she was sighted last Monday passing Cape Race. H. Maitland Kersey, Lord Dunraven's representative, does not expect the boat until Sunday or Monday. Owing to the short time the Valkyrle would have to change her rig and prepare for the international races, the dates will probably be set for the middle or latter part of September instead of early in the month as has been talked of. the terms of the deed of gift of the America cup the earliest date possible

for the first race is ten months from the receipt of the challenge. Lord Dunraven's challenge was received by cable on the evening of December 6. As the Valkyrle will hardly arrive before Monday the 19th, the first of the cup races will not be set much

As ex-Commodore James D. Smith of the cup committe puts it "no one wants to place the Valkyrie at a disadvanline in the best possible condition and, if a postponement of a few days will attain that end I am sure the cup committee will go half way to meet Lord Dunrayen in the matter."

Mr. Smith states that the measurements of the Defender, which are to b taken to-day or to-morrow, will not be given out until those of the Valkyrie III. are made public.

GOOD TENNIS GAMES. Paret Surprised Everybody by Defeating

Narragansett Pier, Aug. 16.-The semi-finals of the casino invitation tournament were played this afternoon, J. P. Paret of New York, gave everybody a surprise party by defeating Richard Stevens of Hoboken, the winner of many pier tournaments, two to

Paret-4, 1, 4, 7, 4, 5, 5, 4, 4, 5-46 Stevens-1, 4, 6, 5, 6, 7, 7, 2, 2, 7-47 points, 6 games,

Stevens played after the score was 3-2 in his favor a little carelessly and Paret ran straight games by hard hitting from the net and short returns dropped just over the net which his opponent was unable to reach. The

Paret-7, 1, 3, 4, 7, 4, 4, 4, 0, 9-43 Stevens-5, 4, 5, 1, 9, 1, 2, 0, 4, 7-38

points, 4 games. In the third Paret secured a winning lead of 4-1 in his favor, which Stevens was unable to overcome. Paret hit every return at a very swift pace except a few short returns. The points: points, 6 games.

Stevens-3, 4, 2, 3, 3, 4, 2, 4, 4, 2-31 John Hewland defeated J. C. Davidson much more easily than was expected. Davidson hit out of court a great

deal, but he passed Howland quite a good deal down the alleys. Howland York, This statement should show the won, 6-0, 6-2, and the points were 30-15 average daily amounts for the month and 32-22. The summaries-Casino invitation sin-

gles, semi-final round: Paret defeated R. Stevens 4-6, 6-4, 6-4

PRIESTS AS WITNESSES. The Sacredness of Confessional Secrets

Raised in a Murder Trial. Montreal, Aug. 16 .- A very important

point is to be decided at the approaching trial of Azaire Gauthier for the murder of Celina Ansigny viz wheth er priests of the Roman Catholic church can be called upon to testify. It has been an inviolable rule of that church that the statements made to a priest in confession are to be held sacred. It appears that on the Thursday night preceding the murder, while Gauthier was sick at his home, he asked to see a priest, and on one being obtained he emained with him for some time. Two days later he made a similar request which was again complied with; is fact, for some days before the murde Gauthier appears to have been to seek spiritual consolation.

Now M. St. Jean, Gauthier's lawyer nnounces that he will want to have the two priests examined as witnesse on behalf of the accused, to show whether or not he was in his right mind The question will arise as to whethe the priests can be compelled to speak or not, as they had been called to hear a Theologians are looking into the question to see whether the two priests are competent witnesses.

New York, Aug. 16.-The comptrolled of the currency, James H. Eckels, has issued a circular to the na tional banks asking for a lot of statistical information that is required he says, for a special purpose not later than the 24th inst. The information desired is as follows:

1. The average dally balances in your bank to the credit of (A) sayings banks, (B) state banks, (C) loan and trust com panies, located in the state of New York. This statement should show the average dally amounts for the month, Paret-5, 1, 4, 5, 5, 2, 4, 2, 2, 4-34 the maximum and minimum daily amounts due to each of the three class es, and the amounts due to each class

> 2. The average daily balances due t your bank from (A) savings banks, (B) state banks, (C) loan and trust companies, located in the state of the maximum and minimum daily amounts due from each of the three classes, and the amounts due from each class for July 11, 1895.

3. The average daily withdrawals of every description from your bank. This statement should show the daily aver Reed and Codman defeated Watson age for the month of all transactions ually withdrawn from the bank er, the maximum and minimum daily withdrawals, and the withdrawals for

4. The average dally receipts of everdescription by your bank. This state ment should show the average daily amount of receipts by the bank for any purpose whatever during the month, ininding transfers from one account to another, the maximum and minimum daily receipts, and the receipts for July

GOVERNOR'S DAY AT CAMP

GOVERNOR COFFIN REFLEWED THE TROOPS FROM HORSEBACK.

An Immense Throng of Visitors at Camp-Regimental Drill . mitted-The Second's Fine Showing-An Elegant Clock Presented to Ex-Colonel Doherty.

Camp Coffin, Niantic, Aug. 16 .- Today was Niantic's big day for the year, and a really big day it proved to be Beginning with the morning trains a steady inpour of visitors continued until at 12 o'clock the town was fairly overrun with people from all parts of the state, who had come to witness Hits-Chicago 9, Pittsburg 10. Errors the chief event of the week in camp, the governor's review. The camp ground itself presented a scene of gaiety, and from one end to the other it Mercer's delivery in terrific style at the was alive with citizens and their ladies inspecting the encampment and the various details of soldier life. The principal criticism heard from the selfconstituted inspectors was highly complimentary and consisted chiefly of such expressions as "Isn't it a pretty

sight?" and the like. The regular morning exercises were gone through with in the usual man ner, with the exception that the participants took particular pains to do everything perfectly, as they were being watched by so many people from home. The guard mount of the Second regiment was said to have been the best of the week, and the boys were feeling specially good, as this morning the brigade inspecting officer, Major Biddle, gave the entire regiment a mark of 100 for policing.

THE SIGNAL CORPS' DRILL. Among the drills of the forenoon was that by the signal corps, which was particularly interesting. It was participated in by all but the third section, which was on special detail duties at brigade headquarters. The first part of the drill consisted in carrying supposed dead and wounded from the field. The corps was divided up into sections of three men each, one of whom represented the wounded man, while one of the others picked him up and carried him to the hospital on his wheel, and the other carried the woundespecially fine work at this. The fourth section was then stationed on a hill back of camp, and the second on a hill across the river from which points heliograph signals were sent to head-

quarters, where they were received by A field telephone was also laid and onnected with Governor Coffin's quar ers to show the system to Senator Crosby, who is on the senate military

DIGNITARIES AT LUNCH. At 12:30 o'clock the governor's and General Haven's staff gave a lunch to their friends in camp in their respective ness houses. Among those present a the lunch given in the mess house of the governor's staff were Colonel H. H. Adams, commander of Lincoln post in New York, and the gentleman through whose efforts the law was passed or dering the national flag to be displayed n all school buildings; Congressman Russell of the Third district; Mrs. offin, Mr. Coffin, son of the governor and wife; Senator Smith, Senator Coffee, John C. Hutchinson, ex-internal revenue collector, Colonel Clark of the Second Massachusetts regiment. Mrs. Henry S. Peck, Miss Munson, Captain A. D. Sanborn and wife, all of New Haven: Senator Johnson of New Ha ven, Frank H. Belden of New Haven

and T. J. Ackerman of New Haven. The guard mount was held at 10 'clock instead of 11:30, the regular time. At about 1 o'clock people began gathering around the field, the greater number on the southern side near the grandstand, and in fact all along that

side of the ground. THE GOVERNOR'S REVIEW. At 2 o'clock came the great event of

the day, the review. The men were all attired in full dress uniform, with white duck trousers and helmets. All through the company streets for some the privates polishing their accourte ments and getting into trim shape. At o'clock the formation for parade be gan, and the lines were formed on the northern side of the field facing headquarters. Shortly afterwards the govanor and staff rode out, his excellency sitting his charger like an old trooper and wearing a black suit and a silk They took position directly front of the pavillon, and soon after General Haven and staff rode out taking positions opposite and facing the governor and staff. The bands were then consolidated near the reviewing stand and the troops were left wheeled nto companies. General Haven took place at the head of the column The parade now began and as General Haven and staff came opposite the re viewing stand they saluted and took positions alongside the governor and staff.

The regiments came in the following order: Fourth, First, Third, Second and olored companies, followed by the Gatling guns and heavy artillery. signal corps, mounted on bicycles, led the column, and as they passed the governor the officers saluted by touch ing their hats. At the rear of each regiment marched the hospital corps. The colonels and staffs halted by the reviewing stand until their regiments had passed and then galloped on to the front. The troops passed the re viewing stand at a carry but came to a shoulder after they had passed. As each regiment's colors were car

ied by the stand, the reviewing officers saluted. At the conclusion of the re-Lieutenant Colonel Callahar who was field officer of the day, carried a message to Colonel Burpee from head-(Continued on Third Page.)

HE DID NOT DRAW.

Corbett Did Not Prove to be a Card a Buffalo Races.

Buffalo, Aug. 16.-Pugilist Corbett was called in by the management to day to inject a little interest into the entertainment. A movable platform was constructed in the morning. Between the first and second races it was put over the track in front of the stand and Corbett and his sparring partner

McVey, put up a four round exhibition Mrs. Corbett No. 2 sat in a box and near her was "Honest" John Kelly who refereed the Corbett-Mitchell This special event did not match. draw as was expected, possibly because Corbett exhibited at the Lyceum theathe earlier in the week. To-morroy Fitzsimmons will box with his partne

for the edification of the race-goers. The statement is printed to-day tha if the Hamlins decide not to hold : meeting next summer Palmer L. Clarke of Red Oak, Ia., founder of Clarke's Horse Review, of Chicago, stands ready to lease the track.

Taken by the Sheriff.

Princeton, Ill., Aug. 16.-Sheriff Clark with ten deputies, arrived at Spring Valley at 11 o'clock this morning, provided with warrants for the arrest of thirty-four Italians and four Lithun-The accused are charged with ans. assaulting, shooting, and driving the entire colored population out of Spring Valley. The complaint is signed by Charles L. Martin, colored, who upon an examination here yesterday was found to have forty-seven shot in his back and twelve in his head and neck. The sheriff had stationed a few depu ties at the top of each shaft and arrested the men this afternoon as fast as they came up.

Injured by a Trolley Car.

New York, Aug. 16.-Peter Van Peet eight-year-old, No. 44 Butler street Paterson, was run down by an electric car on the Riverside line this morning and had both legs broken and received severe scalp wound. Van Peet was running across in front of the car unseen by the motorman until too late to turn off the current. The boy was removed to the general hospital.

Hanged Before 10,000 Persons.

Mount Sterling, Ky., Aug. 16.-John Johnson, colored, was hanged here to day for the murder of a policeman on June 15. A growd of fully ten thousand persons, including many negroes, witnessed the hanging. Johnson's neck was not broken by the drop and it was twenty-five minutes before he was proounced dead by strangulation.

DISASTROUS FIRE AVERTED. W. W. Sperry's Pluck Prevented an Ex-

plosion and Blaze on State Street. Shortly after 4 o'clock yesterday afternoon a disastrous fire was narrowly averted in the wholesale drug store of F. S. Calhoun & Co. on State street near Chapel street. In a storeroom in the rear of the store proper there was large vat of phosphorus and directly underneath a barrel of benzine. In some way the top of the vat became loose, allowing the air to enter, and soon the phosphorus began to sizzle over. Had any of it struck the barrel of benzine the result would have been an explosion which would have shaken

disastrous fire occurred. Just at this crisis W. W. Sperry of Westwille, a clerk in the store, rushed into the storeroom and despite the fact that the fumes of the phosphorus nearly suffecated him succeeded in removing t out into the street, where he dumpe t, thus preventing all danger. A still alarm was sent to No. 2's engine house and the apparatus promptly responded, but its services were not necessary Sperry was badly used up by the fumes of the phosphorus. The damage to the store was slight.

the building to its foundations and a

MARK TWAIN'S STATEMENT, He Intends His Lectures as Well as Property for Creditors.

Vancouver, B. C., Aug. 16 .- Samuel . Clemens ("Mark Twain"), who is about leaving for Australia, gave out a statement to-day in which he says in

"It has been reported that I sacrificed for the benefit of the creditors the property of the publishing firm whose financial backer I was, and that I am now ecturing for my own benefit. This is an error. I intend the lectures, as well as the property, for the creditors. If t had not been for the imperious moral ecessity of paying the firm's debts should never have taken to the road at my time in life. By far the largest single creditor of the firm is my wife In satisfaction of her claim she has tak. n nothing except retaining control of the copyrights of my books. The wreckage of the firm, with what money I can scrape together with my wife's aid, will enable me to pay the other creditors bout 50 per cent, of the claims. I intend to ask them to accept that as a egal discharge and trust to my honor to pay the rest as fast as I can earn it. am confident that I can pay off the last debt within four years."

No Longer Minister to Mexico.

Washington, Aug. 16 .- Hon, Matt W. Ransom of North Carolina is no longer minister to Mexico. That office was practically declared vacant to-day by a decision rendered by Holmes Conrad, olicitor general of the United States and acting attorney general. Mr. Ransom's incumbency was declared to be contrary to the constitution, and the ecting attorney general sustained the action of Thomas Holcomb, auditor of the treasury, in declining to pass favorably upon Mr. Ransom's vouchers for salary and expenses,

THE INDUSTRIES ARE BUSY

MIDSUMMER QUIET MORE CON-SPICUOUS THAN LAST WEEK.

It is Less So Though, Says Bradstreets, in Industrial Than in Commercial Lines-As a Rule Manufacturing Industries Are Exceptionally Busy For the Season.

New York, August 16 .- Bradstreets says: Midsummer quiet is more conspicuous than a week ago, though less so in industrial than in commercial lines. As a rule leading manufacturing industries are exceptionally busy for the season and the increase in out put of, demand and prices for iron and steel still continues. Many in the trade were surprised by the very unfavorable cotton crop report by the government and the price of cotton speedily advanced. Steel billets have also been marked up, as well as some varieties of print cloths. Quotations for flour, oats, pork, sugar, copper and wool have remained firm but unheanged while declines are recorded by Indign corn on crop reports, by lard and by wheat, notwithstanding the statistical strength of the cereal in every direction except exports.

Jobbers in staple lines at Chicago, St. Louis, Kansas City, Omaha, Milwaukee, Minneapolis and St. Paul report an im proved demand. The outlook at all those points is for an active fall business and the larger among them report country merchants personally se-lecting fall stocks quite as freely as expected. Kansas City dealers do not egard an early advance in prices of live stock probable. At Omaha country merchants are said to be buying more freely than for years. At San Francisco leading commercial lines are quieter. Hop-picking is about to begin on that coast with the outlook for only a moderate crop. The wheat rop prospect in California is rather ess favorable. Washington crops are good. Tacoma reports easier collections, lumber shipments about equal o those in the preceding month the receipt of 10,000 tons of freight this week from the orient. Portland, Ore., wires that the spring salmon catch on the Columbia river is large.

Throughout the south general trade emains as quiet and in cases quieter than a week ago. Mercantile collec tions have not begun to improve and at some points jobbers report a small falling off in the volume of sales, though in several instances this is du to rainy weather. On the other hand rain is needed in South Carolina, while in Texas is estimated that even with favorable conditions from this time or the Texas cotton crop will not exceed 250,000 bales. Word is received that Texas interior merchants have been cancelling bagging and the orders. Exports of wheat and flour during seven weeks of the fiscal year amounted to 12,000,000 bushels. In the like period one year ago the total exported was 000 bushels. Two years ago it was 34,000,000 bushels. Bank clearings for the week continue to hold up re markably well, the total being \$894,000, 000, 8 per cent, less than last week, but

13 per cent, less than a year ago. At Toronto some improvement is shown in trade. At Montreal the week has been quiet and the tendency of prices of cottons and woolens and iron has been up. On the other hand country produce is lower. Mercantile collections are reported satisfactory from Quebec city, but trade there is dull Nova Scotia houses report a fair volume and collections good. Crop reports from that province are also favorable, but bad weather has interfered with the finishing industry.

MANY NOTABLE IMPROVEMENTS In Progress at the New Haven House and Soon to be Completed-A Glance at the

Work in Progress Notable improvements are in progress at the New Haven house in pursuance of the general plan adopted hitherto which is under the able direction of the Messrs Moseley, the architectural changes being in the skilled hands of Architect L. W. Robinson. This famous and historic hotel is not only undergoing its annual summer renovation, but many striking improvements are being made which are of interest to the

The floor of the ample lobby adjoin ing the hotel office is to be laid with beautiful Mosaic tiling, and the wall next the office will be removed in part, so that the office will open directly into this room as well as into the main corridor. This will be a handsome improvement and also add to the accommodation of patrons. Also the steam neating facilities of the hotel are being extended to twenty-five more rooms which are being fitted with steam heating apparatus. The New Haven Plumbing and Heating company has the con tract for this work, which is now in progress. This work will be completed about September 1. Last season also steam heating facilities were added to twenty-five of the rooms. Many of the larger rooms have been steam heated day's meeting were Messes. Potter, Dewfor the last fifteen years. A great mafority of the rooms will therefore be supplied with steam heat when desired. The hot and cold water system in use s also being extended to many more of the rooms. This work is being done by New London county. The three New Buckley, the plumber. Haven county commissioners, Dun-

In addition to the above improve ments a half dozen sample rooms are present. being built convenient of access from the hotel office. These are for the es pecial use of commercial travelers and will be supplied with all facilities for ric lights, and all these rooms will be neated by steam.

The mason work involved in the changes at the hotel is being done by Elizur H. Sperry. Various other not'sTHE FIGHTING IN CUBA.

Insurgents Reported Defeated at Natalia-The Town of Comanavagua Attacked. Havana, Aug. 16 .- Advices from Santa Clara are to the effect that a govern ment column under command of Major Zubias arrived on Wednesday at the Natalia plantation in the Sagua district. Shortly after its arrival it was attacked by a band of insurgents, who were repulsed and dispersed. The rebel loss is not known. The government loss

was one killed. The town of Camanayagua, in the Clenfuegos district, has been attacked by insurgents. No details of the fighting have been received.

DR. GRISWOLD GONE. His Health Breaks Down and the Sani-

tarium is Closed. Ansonia, Aug. 16 .- Dr. R. M. Griswold has left Derby and his Riverside Sanitarium is closed. Business has fallen off greatly of late, and the number of patients who came to Riverside for treatment for dipsomania was compar-

atively small. Dr. Griswold came here from the Keeley institute, at West Haven, two years ago, where he was in charge of the institution for the cure of inebriates, and opened the Riverside Sanitarium upon his own hook. The first year's business was very good and some remarkable cases left the place

er German Medical company for the cure of cocaine, morphine and optum habits. The latter project was a fail-Dr. Griswold left, Thursday, for Southington, broken down in health. He will reside with his wife's relatives in Huntington for the present. Edward Tuttle, of G. L. DeForest & Co., has charge of the property, which is a beautiful place and was once the home of Royal M. Bassett. The place is now

PROFESSOR BELL AND THE FLAG A Discredited Story That a British Warship

Hauled Down the Stars and Stripes. Halifax, N. S., Aug. 16 .- A report has been in circulation to the effect that on the occasion of the British warship Canada visiting Baddeck, Cape Breton, a few weeks ago, the American flag was run up on the flag staff in front of Prof. Alex Graham Bell's summer residence, by his orders, as the ship passed there, with the British flag floating beneath it. This being noticed on the Canada-so the story goes-a detachment was sent ashore in charge of an officer, who ordered the position of the flags reversed.

The request was refused, and there upon the bluejackets of the Canada took the flags down by force. The story goes on that Prof. Bell was so exasper ated that he discharged his servants. sent his family to Europe and decided to leave Baddeck forever.

From information obtained from reliable sources it is learned that the professor's family is in Europe for the ummer, according to an arrangemen made some time previous, and in consequence the staff of employes has for the present been reduced. This seems to be the only foundation for the story.

A Former New Havener's Success

Dr. Jonas Jacobs of Elmira, N. Y. is on a visit to his parents in this city. He came here from the convention of the Red Men of the state of New York held in New York city, to which he was a delegate from Tomoka tribe of Eimira. At the convention Dr. Jacobs was elected a delegate from the state of New York to the convention of the Red Men of the United States to be held in San Francisco, Cal., next year. With Dr. Jacobs is his friend, Mr. Allen, alac of Elmira, a very popular and prominent citizen of that city. Dr. Jacobs returns to Elmira to-night to attend the convention of the medical society of Chemung county, New York, to be held Tuesday. He is president of the ociety, and is also health officer of Elmira. Dr. Jacobs is well and favorably known in this city. He is a graduate of Hillhouse High school and was a member of the Yale Medica His many friends will be school.

pleased to learn of his success. County Commissioners Meet. The county commissioners of the state met in the office of the New Haven commissioners in the county building yesterday morning. The object of the meeting was to discuss the new license laws passed by the last legislature. The commissioners also wanted to advise to advertising applications for licenses Under the old laws license applications were given out for advertising by the town clerks in the towns where the licenses were applied for. The county commissioners are now empowered to

CAN RECRUIT FROM CLUBS

NEW YORK AND DONDON BATTLE MAY BE AN INTERNATIONAL ONE.

The London Athletic Team Which Will Compete With the New Yorkers is in Res ality a Team of All Great Britain-The Best of the Men of England Have Been

Picked for the Contest. New York, Aug. 16.-The Amateur Athletic union has granted the result of the N. Y. A. C. to be allowed to recruit from other clubs and associations new men to strengthen its ranks in its battle with the London A. C. team next month. While the match was originally a club match between the New York Athletic club and the London Athletic club the action of the London Athletic lub in availing itself of the pick of the athletic talent of Great Britain to such an extent that only three of the old members of the club are represented on the team makes the contest assume proportions of an international character. The London athletic team is in

reality a team of all Great Britain. The New York Athletic club did not eet sufficiently strong to compete against Great Britain and accordingly. decided to elect new members. When certain American athletes were approached by the New York Athletic club with the view of joining the club team they raised the point that by so doing they would, under section 1 and 2 of article X of the constitution of the A. A. U. jeopardize their amateur standing. The New York Athletic lub in order to place the position of the athletes joining their team beyond any risks under the laws of the A. A. U. asked the A. A. U. for permission to enroll new members to strengthen their team for a contest that would de-

elope into an international match. Secretary Sullivan, of the A. A. U., nailed a copy of the New York Athletia lub letter to each member of the board of governors and also communicated with them himself.

Injuries May be Fatal.

Martin Holland of 198 Poplar street was badly and perhaps fatally burned ast evening. He was going into the cellar and had a lamp in his hand, and when near the bottom of the stairs he stumbled and fell, the lamp exploding and burning him badly about the chest and face. Dr. Roberts was called and everything was done to relieve the pa-

Died of Heart Disease.

Springfield, Mass., Aug. 16.-William Austin Dickinson, a leading lawyer, since 1873 treasurer of Amherst college, died at his home in that town this evenng of heart disease, the result of an attack of the grip last winter and of overwork. Mr. Dickinson was a graduate of Amherst college in the class of 1850 and of the Harvard Law school in 1854.. He was born April 16, 1829, and rominent lawyer and public man of

Hampshire county.

Slatersville, R. I., Aug. 16.-This afernoon the sheriff served a writ and summons in a \$40,000 suit for debt rought by Wing & Evans of New York against J. W. Slater, the wealthy Providence manufacturer. The writ is returnable to the supreme court at Providence August 26. Some time ago Wing Evans got judgment for \$20,000 against the American Woodpaper company of Providence. They were unable to collect the amount of the judgment and therefore sued Slater, one of the largest

shareholders.

Noted Athlete Dead. Worcester, Aug. 16 .- William H. Ryan, the most prominent athlete in Worcester county, died in this city to-day, ged twenty-four years, after a long illness resulting from an attack of typhoid-pneumonia. During his seven rears' career as an athlete he defeated Tom Kenney and Bobby Wheelock in the ring and fought Jim Burns fifty-two counds to a draw at Providence in 1893. He defeated George H. Hosmer in a tenmile walking match two years ago and had sparred many men during his caeer, and in all his contents never was defeated.

A Child Drowned.

Providence, Aug. 16.-Maud Mitchell, about five years old, fell into the water from the Fall River steamboat wharf at Bristol this afternoon and was drowned. The body was recovered.

Olin H. Clark's Sweet Peas.

This afternoon at 3 o'clock there will be another exhibition of those very interesting sweet peas at the garden of the Bonsilene hotel, Woodmont. About seventy-five varieties will be shown. among them some new Eckfords, which have never been exhibited by any hor-

icultural society in Connecticut. Olin H. Clark, the owner of the Bonsilene property, is one of the most successful growers of sweet peas in the state, and his gardens are a marvel. Many people ride down from the city to Woodmont for the sole purpose of seeing them. The peas are at their best now, showing a wealth of bloom which cannot be surpassed for richness and

variety of color. May Soon Resume Work.

South Norwalk, Conn., Aug. 16 .- The

Lockwood Manufacturing company, rapital \$200,000, confidently expect to resume work at its big Day street factory arly in September. Financial matters connected with its Chicago agency, which caused a temporary suspension, ire well in the way of satisfactory adustment and the firm believes it will se little by the final settlement.
